## Survival Signs

Sometimes you cannot read the words on a sign but it is possible to work out the meaning from the picture on the sign. Draw a sign you have seen or make up one of your own for some of the following instructions. Underneath your picture, write where you might find it and what it is for. You can make a collection of other signs you see this week.

- No bikes
- Women or Men (for toilet doors)
- Poison
- No diving
- Hospital
- Keep out
- Flammable
- Fire escape
- Exit
- Wet paint
- Danger high voltage
- Beware of dog
- Railway crossing
- Swim between the flags
- Bus stop
- Slippery floor

## Fingers

Two players put their hands behind their backs. Count aloud together 1, 2, 3 and on 3, both stick their hands in front, choosing to extend any number of fingers. At the same time, the players must add and call out the total of all fingers showing. To win you must be first and correct. Ties do not count. The first player to win five points is the winner and can be challenged by a third player.
